

OVCBCHW

2016 VOLUNTEER HOURS COORDINATOR

Cheryl Lynn Johnson

Hello everyone. I was raised in Twisp, leaving there in 1970, but I still have family and friends there. I lived in Oklahoma and Omak until moving to Wenatchee to pursue Beauty school in 1973. I always entertained the thought of returning. However, I ended up getting married and pursuing a career and raising a family for the

next 31 years. We had a small farm on Badger Mountain which I have leased out now. I was expectantly widowed in 2007 so it's taken awhile to regroup and figure out the future. I have 1 son and an 8 year old grandson that live in Sultan. I was a member of the Wenatchee Chapter of BCH for about 10 years and some of the members were a good support system over the years. I wasn't raised in a horse environment but some of the old Twisp cowboys used to take me under their wing and helped me with my horses and their vices etc. when I was a horse-crazy girl (horse-crazy women now LOL). Ted came into my life several years ago and it was an instant connection. He has been my rock. He made a lot of improvements on my old place and here on our new place. We decided to move up here to a slower pace and more horse activities and new beginnings. The Okanogan Valley Chapter has been so welcoming and has made the transition easier with getting to know more friends. We are so happy to be here.
